Without this, we cannot admit you, as we have to convert the credits you have earned during your first academic degree into ECTS.

Your relevant professional experience is one of the most important requirements for us. So please read the information carefully!

- It is prescribed that the one year of professional experience must have been gained after the 1st university degree.
- Please upload only relevant evidence in the field of arts and cultural management (or related).
- Please note that the CV is not sufficient as a proof of work experience. Therefore, please upload a confirmation from the employer, for self-employed please upload a portfolio.
- The confirmation must include the time period of the employment.
- Please upload proofs that cover at least one year of professional experience.
- If you do not have relevant work experience in the field of Governance and Human Rights (or related), we would like to ask you to submit an optional letter of motivation to emphasize your application. Please send it via email to gahr@leuphana.de.

English Language Skills

As the entire Master is in English, you will need to demonstrate a certain level of English proficiency. Please use the comment box to specify your proof such as

- Native speaker
- TOEFL internet-based test (minimum score of 92)
- IELTS test with minimum score of 6.5 (IELTS academic training preferred)

- CAE/CPE (minimum level C1, Grade B)
- TOEIC (4 skill test / minimum 720 points in listening and reading / 310 points in speaking and writing)
- Documented previous full-time work positions in an English-speaking country of at least 6 months OR one semester of full-time studies at a university taught exclusively in English (abroad or in Germany), which was completed by successfully passing required examinations.

As a next step please upload your proof of your English language skills. As a native speaker, please upload a scan of your passport.

Additional Notes:

- You are applying for a distance learning programme. Apart from one attendance week per year, the **entire study programme takes place online**. Therefore, students are usually **not eligible for a student visa**.
- Following the Regulations of the Presidential Committee on Fees for Cross-faculty Professional Masters Programmes at Leuphana University of Lüneburg, you have to pay the complete tuition fee upon acceptance of a place on the degree programme in question. This duty of payment is also active in case of an unenrollment after 15 October (one month after the programme starts). There is the possibility that you pay the tuition fee in instalments that we can agree upon individually, for example monthly payments over the course of two years (standard period of study time).

Both aspects are very important, so you must confirm that you are aware of them.
